8D software comparison

8D report software compared (2026)

Seven options side by side. Last checked on 2 October 2026.

8D report software turns the eight disciplines into a workflow, so a customer complaint ends in a complete report with owners, dates and evidence. Which tool fits depends on what you need around the 8D: a full CAQ suite, a quick report writer, a checklist app for the shop floor, or AI help that reuses the cases your plant has already solved.

Written by Galileon, the company that makes SolveR.

Every fact comes from the vendor's own website; sources on page 3.

All vendor names and trademarks belong to their owners.

Facts reflect public information on 2 October 2026 and may change.

'Not stated' means the vendor's pages do not mention it.

► Three questions to ask any 8D software vendor

- 1 Does the AI guide the analysis, or does it only fill in fields?
- 2 Does it bring back what solved cases taught, inside each step?
- 3 How long until the first solved case, and at what real cost?

The comparison, **part 1**

	BabtecQ Babtec, Germany	CAQ.Net CAQ AG, Germany	Mitti Mitti, Australia	Qualityze Qualityze, USA
What it is	CAQ suite with complaints management	CAQ suite, complaint module REM.Net	Operations app for frontline teams	QMS on Salesforce
Guided 8D	Yes, D1 to D8	Yes, D1 to D8	8D checklist template	Yes, D1 to D8
Other methods	FMEA, control plan, SPC modules	CAPA; causes from FMEA	CAPA	CAPA
Root cause tools	Error catalogues	5 Why, Ishikawa	5 Why, fishbone, fault tree	5 Why, 5 How
AI	Agent Quorix: documents, defect images, complaints	Suggests causes, fills Ishikawa	Checklists and issues; no AI root cause stated	Ranks likely causes, writes problem statements
Reuse of past cases	Not stated	Recurring-cause templates, repeat warnings	Trends in repeat issues	Finds similar or repeating events
Hosting stated	BabtecQube: EU (Azure)	Partner AI on EU servers	US, EU or Australia by sign-up	Not stated
Deployment	On-premises or cloud	SaaS or on-premises	Cloud, web and mobile	Cloud
Public price / trial	No / free BabtecQube test	No / not stated	Yes / free plan, 30 days	No / not stated
Languages	Not listed	Not listed	9, incl. German; no Slovenian or Croatian	Not stated

Facts read on 2 October 2026 from each vendor's own website.
Columns in alphabetical order.

The comparison, **part 2**

	SolveR Galileon, Slovenia Our product	Vantage 8D Not stated	Template Excel, Word or VDA tool
What it is	AI 8D and root cause analysis software	AI assistant that writes 8D reports	Document or web form
Guided 8D	Yes, D0 to D8	Yes, D1 to D8 form	Form; VDA web tool guides D1 to D8
Other methods	4-Step, PDCA, A3, Just-Do-It, your own	FMEA and control plan templates	As in the template
Root cause tools	5 Why, Ishikawa, Is / Is-Not	5-Why AI chat	By hand
AI	Suggests causes and actions from the plant's closed cases	Writes the 8D, 5-Why chat, customer e-mails	None
Reuse of past cases	Every closed case feeds a knowledge base	Saved 5-Why history	Search old files
Hosting stated	EU (AWS Ireland)	Not stated	Where you store it
Deployment	Cloud; on-premise in Enterprise	Cloud; on-premise in Enterprise	Desktop or web
Public price / trial	No, on request / paid pilot	Yes / 1 month	Free or part of Office
Languages	Slovenian, English, Croatian, German	Not stated	Any

Which tool fits which team

BabtecQ

A DACH manufacturer that wants 8D inside an on-premises CAQ suite with FMEA, control plans and SPC, and free 8D exchange with suppliers through BabtecQube.

CAQ.Net

A plant that wants 8D, 5 Why and Ishikawa in one CAQ suite, with a choice of SaaS or on-premises and AI cause suggestions included in the maintenance contract.

Mitti

Multi-site operations that mainly need mobile inspections and issue capture at a low price per seat, with 8D as an occasional checklist.

Qualityze

Regulated companies, for example medical devices or pharma, that already run Salesforce and need a full QMS in which 8D is one module.

SolveR by Galileon

Quality, production and R&D engineers who write 8D and other method reports for customers, want AI help on each step and want every closed case reused on the next similar one, with data hosted in the EU.

Vantage 8D

One engineer or a team of up to five who mainly want AI help with 8D text and customer e-mails, at a published monthly price with a free trial.

Template

A few reports a year, or a customer who prescribes its own form.
