RAISE YOUR ENGINEERING STANDARDS

➤ AI THAT KNOWS YOUR FACTORY

SolveR reads your full RCA history, spots the patterns and suggests proven fixes. Your best engineers' know-how, for everyone.

➤ ONE CLICK, NOT HOURS OF PAPERWORK

SolveR scans documents, captures voice notes and builds reports from your templates. Engineers solve; AI does the reporting.

➤ STANDARDIZED EXCELLENCE

Uncompromising IATF compliance – 8D, PDCA and 4-Step, guided to the final step. No extra training needed for your team.

➤ THE GOLDEN THREAD

Built-in 100% traceability, from the first symptom to the preventive action. Audits become a formality.

BUSINESS IMPACT

at EUR 100 million in revenue
